LIQUI-HARD® ULTRA
Molecular Concrete Densifier and
Chemical Hardener

P.O. BOX 338, HAMPSHIRE, IL 60140-0338 PHONE: (847) 214-2100 FAX: (847) 214-2154

Welcome to the LEED® Credit Calculator.

The LEED® Credit Calculator will help you determine how W. R. MEADOWS products can contribute to your LEED® project. This LEED® Credit Calculator will provide you with all supporting LEED® documentation necessary to confirm LEED® compliance.

For projects that are in the construction phase or newly completed, follow these instructions:

Step 1: Select the appropriate W R. MEADOWS product from either the alphabetical listing or category listing below.

Step 2: On the next screen, enter your project information. The applicable LEED® credits will then be listed. Also, information on recycled content, rapidly renewable content, regional materials, and VOC content will also be displayed.

Step 3: On this page, you may enter your personal information if printed documentation is desired. A PDF letter will then be created that you can save and email, or print out as needed. Be assured your personal information will not be shared or sold to any outside companies.

For projects in design, [CLICK HERE](#) to see a current list of products within 500 miles of your project location, and a complete list of LEED® credits that these products may contribute towards. This information can also be downloaded as a separate Excel file after you enter your zip code or postal code.
